Looking at this home, the first word that comes to mind is "magnificent." Bright and roomy with shiny wood floors, this home has it all. There is a Formal Entry. On your right you enter a spacious and bright living that flows to a formal dining area. The dining area continues to the kitchen and off the kitchen is an informal dining area. There is a bedroom and bath off the formal dining area and a wonderful bedroom and bath at the rear of the home. There is a porch and laundry area with access to the yard at the rear of the kitchen. The kitchen features a gourmet chef four burner gas range, stainless steel refrigerator, and dishwasher. The spacious and bright upper level features a grand room, and two more bedrooms, a bath, plus a versatile room now used as a home office, closets, and storage. The ground floor features a one-car garage, with EV charger plug, a permitted bedroom, playroom, and bathroom, as well as access to the rear yard and separate street access.
